## THE AUTOPIANO

You Can Play Either Way

"From Musical Courier Extra"

43 MILLIONS 43

Music loving people covering the entire globe have bought over forty-three million (43,000,000) dollars worth of Auto Pianos.

Autopiano merchants are pace makers in Piano selling.

CONROY, OF ST. LOUIS, alone has sold over \$1,000,000 worth of Autopianos.

C. A. HOUSE, OF WHEELING, has sold a like amount.

SO HAS NORRIS, OF BOSTON.

The sales of these three merchants alone have amounted to OVER 3 MILLION DOLLARS to make no mention of some twenty-odd dealers scattered here and there, that have long since passed the half-million mark.

This tells the story in figures—this is the concrete evidence—the proof of Autopiano supremacy! THINK OF IT! Forty three million dollars' worth of Autopiano distributed over the entire globe, and one million of this in Wheeling and Fairmont district.

The unprecedented popularity and demand for this noted Player Piano has no parallel in Piano history.

While the Autopiano factory—the largest in the world devoted exclusively to the manufacturing of Player Pianos—is now five thousand behind with their orders, we, fortunately, are well supplied.
